

LUCY NWOKOYE

Full Stack Web Developer

nwokoyelucy@gmail.com • +234 708 331 6453 • Port Harcourt, Nigeria • lucynwokoye.vercel.app

PROFESSIONAL SUMMARY

Innovative Full-Stack Web Developer with 4+ years of experience building responsive, production-ready web applications across frontend and backend environments. Skilled in React, Node.js, and MongoDB, with a strong focus on clean code, performance, and user experience. Proven record of migrating legacy systems to modern frameworks, architecting scalable multi-app platforms, and leading frontend development for high-profile clients. Community builder and founder of Tech And Teach Community, a pan-African tech learning group with 1,000+ members.

WORK EXPERIENCE

Fullstack Developer (Senior) | Xynder

Feb 2026 – Present

Remote

- ▶ Contributing to the frontend development of Zealock Admin Dashboard as part of a collaborative dev team — building scalable, maintainable component structures and translating high-fidelity Figma mockups into responsive, production-ready UIs.
- ▶ Developing a high-profile website for a Nigerian Senator using React, Vite, and JavaScript — tailoring the platform to specific public relations and accessibility requirements.
- ▶ Implemented automated email scheduling using setInterval with manual fallback triggers, failure detection logic, and a delay-display modal for robust user communication.
- ▶ Managed Git workflows including feature branching, code reviews, and pull request processes to uphold engineering standards and minimise production incidents.
- ▶ Work within an Agile/Scrum development environment — participating in sprint planning, sprint reviews, and regular team standups to ensure timely and iterative delivery.

Fullstack Developer (Freelance) | Syncgrass Limited

Feb 2026 – Present

Remote

- ▶ Spearheaded the full migration of the company's legacy static HTML website into a modern, dynamic React application — dramatically improving UI, UX, and maintainability.
- ▶ Rebuilt core page layouts and reusable UI components in React with a focus on mobile responsiveness and cross-browser compatibility.
- ▶ Implemented advanced UI features including a dark/light mode toggle (using CSS custom properties, prefers-color-scheme, and localStorage override), dynamic scrolling marquees, mega menu dropdowns, and interactive carousels.
- ▶ Optimised application rendering and asset loading pipelines to significantly improve page performance scores and overall user experience.
- ▶ Managed component-level state to ensure fluid transitions and uninterrupted user interactions across the platform.

Fullstack Developer (Freelance) | Independent

May 2022 – Present

Remote

- ▶ Designed, developed, and deployed NJLSwift — a complex multi-app logistics platform with dedicated Admin and Driver dashboards, featuring JWT authentication, role-based access control (RBAC), CORS management, and real-time updates via Socket.IO. | React (Vite) • Node.js • MongoDB • Socket.IO • Vercel • Render
- ▶ Built and maintained scalable RESTful APIs using Node.js and MongoDB, ensuring seamless integration with critical third-party services and stable frontend-backend communication.
- ▶ Resolved SPA routing bugs and architected frontend deployments on Vercel with backend services on Render, establishing reliable CI/CD pipelines.

- ▶ Built NJL Splendour — a luxury fashion e-commerce storefront with a fully responsive UI, product catalogue, and seamless shopping experience. | TypeScript · React · Next.js · Tailwind CSS · Vercel
- ▶ Developed NoteAngel — a clean, intuitive note-taking web application with a responsive interface and smooth user experience. | React · Tailwind CSS · Vercel
- ▶ Built AtmosphereNow — a real-time weather application integrating the OpenWeatherMap API to deliver live weather data with dynamic, responsive UI updates. | React.js · OpenWeatherMap API · CSS · Vercel
- ▶ Created Linked With Lucy — a personal link-in-bio page serving as a central hub for professional and social links. | React · Vite · Vercel

KEY PROJECTS

NJLSwift Platform | *React (Vite) · Node.js · MongoDB · Socket.IO · JWT · Vercel · Render*

- ▶ Multi-app logistics platform with dedicated Admin and Driver dashboards; JWT authentication, RBAC, real-time data sync via Socket.IO, RESTful APIs, and full CI/CD deployment pipeline.

NJL Splendour — Luxury Fashion E-Commerce | *TypeScript · React · Next.js · Tailwind CSS · Vercel*

- ▶ Fully responsive luxury fashion storefront with product catalogue and modern shopping experience, leveraging Next.js for performance optimisation and SEO.

NoteAngel — Note-Taking Application | *React · Tailwind CSS · Vercel*

- ▶ Clean, intuitive note-taking web app with a fully responsive interface, smooth UX, and seamless deployment on Vercel.

Linked With Lucy — Personal Link-in-Bio | *React · Vite · Vercel*

- ▶ Branded personal link-in-bio page built with React and Vite, serving as a professional hub for social and portfolio links.

Tech And Teach Community | *Community Building · Technical Mentorship*

- ▶ Founded and lead a Telegram-based pan-African tech learning community with 1,000+ active members — organising learning tracks, peer mentorship, and industry discussions.

TECHNICAL SKILLS

Languages: JavaScript • TypeScript • HTML5 • CSS3

Frontend: React • Next.js • Redux • Vite • Tailwind CSS • Material UI

Backend: Node.js • Express.js • RESTful APIs • Socket.IO

Database: MongoDB

DevOps & Tools: Git & GitHub • Vercel • Render • CI/CD • CORS

Methodology: Agile • Scrum • Sprint Planning • Code Reviews

Other: GIS Analysis • Excel • AI-assisted Design • Prompt Engineering • Technical Content Creation

EDUCATION

BSc Geography and Environmental Management

Dec 2019 – Oct 2024

University of Port Harcourt

Second Class Upper Division | CGPA: 4.06 / 5.0

Frontend Engineer

May 2022

Codecademy

Fullstack Web Developer

Aug 2023 – Dec 2023

Smarthub

CERTIFICATIONS

Certificate in React — Codecademy

Feb 2025

Certificate in Excel — Integral Computer Schools

Aug 2023

LANGUAGES

English (Full Professional Proficiency) • **Igbo** (Professional Working Proficiency) • **Hausa** (Professional Working Proficiency)
